

LICENCE REQUIREMENTS

- To obtain the licence you must be at least 17 years of age.
- Minimum of 40 hours aeronautical experience consisting of at least 10 hours solo, 5 hours solo cross country & 2 hours of instrument flight time.
- Completed the SFT PPL(A) syllabus.
- Successfully passed the CASA PPL(A) theory exam & flight test.

MEDICAL REQUIREMENTS

A minimum of a Class 2 Aviation Medical is required.

- 1) Complete medical application:
<https://mrs.casa.gov.au/Applicant>
- 2) Attend an appointment with a Designated Aviation Medical Examiner (DAME). SFT can help you locate a DAME in your area.

COURSE OUTLINE

This outline assumes that a good RPL standard has previously been achieved.

- 18.3 hours dual flying, including 18.3 hours cross country & 1.2 hours instrument.
- 5.5 hours solo flying, including 5.5 cross country time.
- CASA PPL(A) Theory Exam
- Theory Briefings
- Pre-Flight Briefings
- PPL(A) Flight Test

COSTS

The minimum cost is \$5,000 assuming an RPL standard has previously been achieved. Realistically, budget between \$6,000 to \$10,000.

Typical course costs include:

- Theory & Pre-Flight Briefings
- Navigation Equipment
- CASA Exam & Invigilation Fees
- Flight Training & Flight Test

PRIVATE PILOT LICENCE – PPL(A)

The Private Pilot Licence (PPL) is your chance to fly across vast distances and discover the charms of cities, regional towns and landmarks that can be found all over Australia. In this course you will learn how to navigate over long distances, and the correct procedures for operating at a variety of different airport types.

Once you receive your PPL, the licence also allows the pilot to train and qualify on more advanced aircraft types (such as a multi-engined aeroplane), and train to undertake more advanced flying activities (such as flying at night or obtaining an Instrument Rating).

For those wishing to pursue a career in aviation, the PPL provides the opportunity to build the Command Cross Country hours necessary for obtaining a Commercial Pilot Licence.

Our experienced and friendly team of instructors will guide you to becoming a true professional. We pride ourselves on our teams diverse skill sets, and our approach to the safety and education of our students.

We hope to see you flying with us soon!
